# Loosing My MIND

Vonda Heverly, Editor

loose (/loo̩s/): v. 1. set free, release. 2. Relax

Happy Independence Day! Our local fireworks display takes place the last weekend in June, so I've already celebrated once.

Did you know that our national anthem is set to the tune of an old drinking song? The song was titled "The Anacreontic Song" and celebrated the Greek poet Anacreon, known for his poems on love and wine. The tune is attributed to John Stafford Smith.

The song has several stanzas. I include the first one here, and challenge you to try to sing it. I can't quite manage!

Cheers!

*To ANACREON in Heav'n, where he sat in full Glee,  
A few Sons of Harmony sent a Petition,  
That He their Inspirer and Patron wou'd be;  
When this Answer arriv'd from the JOLLY OLD GRECIAN

## Old Dog/New Tricks

*Teresa Gregory, LocSec*

Summertime Greetings to you all. The past few weeks have been eventful as we ease into more in-person gatherings.

OMG! The Outdoor Gathering was a very small affair, but one of our Ohio friends said she thought of it as a “soft opening.” It was good to be back in Versailles again, even though I didn’t follow the directions and ended up in Ohio.

We had our first in-person Monthly Gathering at All Souls UUC. Once again, we were upstairs in the Beattie Room. There have been some changes (like the super-noisy Coke machine is gone) but it felt like home. Due to increased security, the doors must remain locked at all times, so we are going to have to figure out how to get people in. If there is no one to greet you, look for a posted phone number to call and someone upstairs will come down to get you.

For this and all events, it is most helpful if you RSVP, so we know how many to expect. For the restaurant meetings, it helps the hosts know how many reservations to make.

Coming up in July, Mensa offers half-price testing. We have two test dates scheduled. If you know someone who should be in Mensa, this is the month to invite them. They may also purchase a voucher during half-price month and can use it at a later time. Or maybe YOU could surprise them with a voucher.

The results are in, and we had three entries that went on to win Mensa Scholarships. These are non-members who wrote a convincing essay spelling out their ambitions and goals. Congratulations to:

- Keely Bayley of Fishers who won the \$500 John Matthews Scholarship.
- Timothy Eubank of Lamar who won a \$500 Kuhnel Scholarship.
- Helena Donaldson of Evansville who won a \$600 Karen Cooper Scholarship.

And thanks to our panel of judges!

In sad news, we lost Earnest Bledsoe of Vincennes, a 34-year member. Please read about him here. <https://morrisfamilyservices.com/obits/earnest-bledsoe/>

Please check out the information on the upcoming elections for CIM.

One last thing: ExCom member and former MIND editor, Teresa Fisher, is moving to Florida this month. She has preferenced into CIM from Southern Indiana for many years but resisted the pleas to continue that practice. We wish her well with her new group and expect to see her pop in to visit on some of our Zoom meetings.

Have a safe July 4<sup>th</sup>!

## Meet the ExCom 2022 Candidates

Karen Guse

**Watch the August MIND for ballot and voting instructions!**

### Paula Ferguson

I first joined Kentuckiana Mensa during the Harper Fowley days several decades ago and transferred to Central Indiana Mensa sometime in the last century. Although I did attend a few events, I have not been active in CIM until the CoVid pandemic when I began taking advantage of the Sunday Socials on Zoom. Through those meetings, I have found a congenial group of individuals and have been privileged to participate with them in reviewing scholarship essays and in Culture Quest. I realize I've missed a lot of fun in the past years.

My work history includes teaching English (my major), working in a restaurant, proofreading for a newspaper, working as a paralegal for a law firm, and selling permits and collecting parking ticket fines at a local university. The bulk of my time, however, was in the field of social work, mostly child protection. Since retiring four years ago, I have been volunteering as treasurer for a small mission church in Muncie.

My experiences have provided me with several skills. I would be honored to use them to serve the Mensa chapter that has meant so much to me during the pandemic.

### Bob Zdanky

Have been the membership chair for a while and want to continue for another two years. This job requires a thick skin. I am the first contact for many new members and in this era of hypersensitivity need to avoid any off comments. Want to be the friendly and helpful face of Central Indiana Mensa. One inappropriate comment could turn off a new member forever.

The position also requires the nitty gritty work of sending out letters to prospects and new members. Want to continue operating this way for the next two years.

## **Marie Beltrame**

I joined Mensa in 1992 after attending my first event in 1991, which was the CIM Outdoor Gathering. I enjoy meeting new people at Mensa events. I like to attend various Regional Gatherings and love playing games.

I'm retired from working for 27 years as an Electronic Engineer for three Navy Bases.

If elected to the ExCom, I look forward to keeping Central Indiana Mensa a strong chapter.

## **Ann Hake**

I joined Mensa as a teenager, but only truly became a member about 13 years ago when I discovered the Central Indiana Mensa group, which has become my Mensa home.

For my "day" job, I am a Neurologist who works for Lilly in Digital Health, doing research on how wearable sensors could help make clinical trials and disease detection, diagnosis, and treatment more effective. I can also be found doing martial arts, reading murder mysteries, going down various internet rabbit holes, or knitting.

It has been my privilege to serve on the CIM ExCom to help provide and promote the welcoming and mind-nourishing environment that I found 13 years ago. I would be honored to be able to continue to serve.

## **Karen Wilczewski**

April 27, 1985 is a significant date. That's when I learned that I qualified for Mensa. To mark the occasion, I bought a large American Heritage Dictionary and wrote the date on the inside cover. While I've been flying under the radar for the past four years for health reasons, I would love to contribute again by serving on the ExCom.

Over the years, I've served on the ExCom as recording secretary and other positions, as well as RG registrar for many years. It broke my heart in 2018 when I couldn't bring the turkeys to the Holiday Party. I had them baking in the oven but was unexpectedly admitted to the hospital that same day. Thanks to Jan Pfeil Doyle, you had turkey at that year's Holiday Party. She pulled them out of my oven and brought them!

I value the relationships I've formed in Mensa and would love to give back again. I had a blast participating in the online murder mysteries conducted by Teresa; unfortunately, I wasn't the one "who done it," but loved the opportunity to express my creativity.

As I said in one of my campaign speeches, some years back, "While I can't promise a chicken in every pot," I would appreciate your vote.

### **Kurt Williams**

For the past 8 years I have been honored to serve on Central Indiana Mensa's Executive Committee. As a newer member to Mensa, it has been a wonderful experience to learn about Mensa and meet the amazing people of our local group. During this time, I have participated on the planning committee for the 2018 AG, served as Vice LocSec, Public Relations, and Treasurer.

We all know this past year has forced changes on us in ways we never anticipated. This has presented challenges for the ExCom on how best to serve our members, and it has been my pleasure to work with the amazing group of ExCom members to help us navigate through these unprecedented times. The programs we put into effect resulted in us seeing participation in our virtual events from members that we hadn't seen at in-person events.

The ExCom has worked hard to provide a member experience that appeals to all the members, and I would be honored to be elected to continue to serve on the Central Indiana Mensa ExCom for another term to continue developing opportunities for you to enjoy your Mensa. I would appreciate your vote.

## **Barb George**

As a kid from Indy, I joined Mensa a few years before the turnover into this century, while still living in Texas. I have to say that my past activity level does not reflect that length of seniority. The last several years, I have been pretty active at *MIND*bending (love the company, the pizza, and even the Bending part); occasional Monthly Gatherings (bring food); Annual RG (help out as needed); the Amazing 2018 AG (again a random volunteer); and one stint as a member of the CIM Nominating Committee.

I am so appreciative of the work and caring that fellow members and volunteers of Central Indiana Mensa have extended over the years and hoping that we will be able to once again gather in person for CIM events in future times. I find a commitment to offering to run for a position on the ExCom may be my stepping stone to more active membership involvement. Think you could say that my “Super Power” tends toward being sociable, when I am present. Good luck to all my fellow nominees.

## **Jan Pfeil-Doyle**

I live in NE Indianapolis with my fellow Mensan husband, Leo Doyle. I first joined Mensa over 30 years ago and was quite active for several years, serving as Loc Sec, RG Chair, and more.

I started my “second Mensa career” 14+ years ago and have been on ExCom since then, serving as LocSec, Program Chair, Communications Chair, on the RG Committee, and hosting our Sunday Socials on Zoom. Teresa Gregory and I also co-chaired Mensa's 2018 Annual Gathering that was held in Indianapolis.

I've enjoyed doing my part to help support and lead our group. If I'm elected, look forward to working with the new ExCom to continue to improve Central Indiana Mensa.

# Jon's Journal – News for Region 4

## Board of Directors (AMC) Update

*Jon Gruebele, RVC4*

We held our regular AMC meeting on March 19 at our new headquarters in Hurst, TX. The [meeting minutes](#) were 37 pages long, so we talked about a lot of stuff. I've summarized the more important points below:

- We reported American Mensa had more members than we had at the end of the prior fiscal year. [Note: We finished the 2021-2022 fiscal year with 50,074 members. That's +748 or +1.52% over the prior year.] Our retention rate was 90%.
- The AMC voted no confidence in the National Ombudsman.
- A lengthy motion was passed to strengthen members' ability to manage how third parties use personal data. Novel projects should use the same opt-in/opt-out preferences the member previously established for third-party communications. A committee or member should review and approve third-party communications, and contracts will require personal data destruction after projects complete.
- The 2022-2023 budget was passed. It projects a modest budget surplus without a dues increase.
- Several housekeeping motions were passed, including the appointment of our auditor, an update on how the Strategic Planning Committee is appointed, deleting language in our [Actions Still in Effect](#) (ASIEs) related to online "AML Forums" that no longer exist, and updating language around "online services".
- A 3/5 Year Membership Fund was established. This essentially codified our current practices for the use of those multi-year dues funds.
- A Volunteerism Task Force was established. Look for their report on-line which should be posted with the July AMC meeting information.
- A Criminal Acts Task Force was not established – at least not yet. The motion was committed for further study and refinement before potentially reviewing it again at our next AMC meeting.
- Prohibited Local Groups from maintaining online directories separate from the directory on the National website. This will help ensure privacy preferences will be respected as members can change these at any time.

- Updated the guidelines for administration of internet communication services. The policy was originally adopted in 2005, well before American Mensa became involved with social media including Facebook.
- Our Treasurer, Taz Criss, reported on our financials and provided some background on revenue recognition. As Chair of the Strategic Planning Committee, I presented an update regarding the status of projects prioritized for action in 2021. Kimberly Strickland, Membership Officer, presented results from the June 2021 lapsed member survey.

Our next AMC meeting will be at the Annual Gathering in Sparks, NV on Thursday July 7<sup>th</sup>. Members are welcome to attend and optionally address the AMC. We'll also have our Annual Business Meeting on Friday July 8<sup>th</sup>. There, our previous year's results are presented. Members can also address the meeting and submit bylaws proposals. If approved, bylaws changes would be voted on by the entire membership during our next elections in 2024. I hope to see you there.

Feedback? Please contact me at [rvc4@us.mensa.org](mailto:rvc4@us.mensa.org) or via phone/text at +1 309 693 1359. Region 4's Facebook group is: <https://www.facebook.com/groups/695847670490858>.

## Books on the Runway

Larry Marcus

**Author:** Kyle Harper

**Title:** *Plagues Upon the Earth*

**Publisher:** Princeton University Press

**Year:** 2021

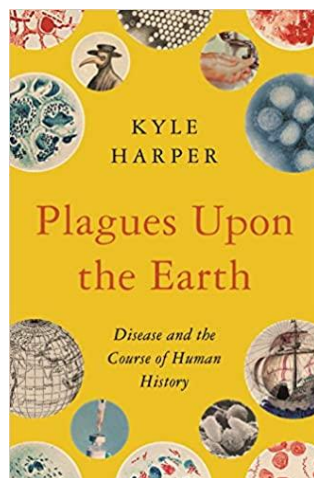

**Book Description:** Harper, an ancient historian and classicist, writes a history of mankind's relations to the natural world and the diseases those relationships give rise to. The impetus of the book was his encountering in his studies of the effects of plagues on the course of ancient civilizations such as the Antonine Plague (probably an extinct variety of smallpox) and the Plague of Justinian (definitely bubonic plague). He treats of the "disease burden" of viruses (smallpox, Ebola, etc. including the current coronavirus pandemic), bacteria (bubonic plague, cholera, tetanus, etc.), protozoa (malaria, leishmaniasis, etc.), worms (aka helminths) (schistosomiasis, etc.), and fungi. The treatment is informed by modern genomics and written records to show the timelines of plagues and their most probable origins. Fecal-to-oral, respiratory, and close contact transmission schemes are discussed.

**Has this book changed the way you think, your attitude toward life, or even your life itself? If so, how?** Given the current pandemic, it is now no wonder to me that we humans have been done in by our ignorance of the animal origins and the transmission paths of diseases. The recent (less than about a millennium and a half) origin of most diseases is correlated with mankind's expansion around the world.

**Who should definitely read this book? Why?** Anybody who desires a bigger picture of how we got into the current pandemic situation/mess should read this book.

**How long might it take to read this book?** The book is about 500 pages and packed with information. So, about three weeks would be a good estimate, especially since each chapter engenders quite a bit of reflection on the new information learned.

**Provide a short characteristic section, an awesome sentence, or an inspiring quote:** The hypothesis that reduced human population due to the Black Death and depopulation of the Americas from smallpox caused a reforestation induced Little Ice Age is plausible and interesting.

## **Central Indiana Mensa ExCom 5/17/2022**

*Ann Hake, CIM Secretary*

The regular monthly meeting of the Central Indiana Mensa ExCom was held virtually via Zoom on Tuesday, May 17, 2022.

LocSec Teresa Gregory called the meeting to order at 7:06 pm.

Members present: Teresa Fisher, Teresa Gregory, Ann Hake, Nan Harvey, Kurt Williams, Bob Zdanky, and Matthew Zwick. Guests: Jon Applegate (Regional Ombudsman), Jan Pfeil Doyle, Paula Ferguson, and Pat Milligan.

The committee reviewed the minutes of the April 2022 ExCom meeting. Kurt Williams moved that the minutes be accepted. Nan Harvey seconded the motion, and the motion was carried. The committee reviewed the Treasurer's report for April 2022. Kurt Williams moved that the report be accepted. Teresa Fisher seconded the motion, and the motion was carried.

A membership report was compiled by Teresa Gregory based upon the information available as of 4/30/2022 from American Mensa: 440 members, 3 new, 1 movein, 5 rejoins, and 15 prospects. No candidates were tested.

### **Old Business**

Monthly Gathering: We will resume meeting at All Souls in Harris Hall in June. Other Gatherings: Mensans Dining Out and Ham 'n' Eggs are meeting in person, the Lunch Bunch is alternating meeting formats (virtual on the 1<sup>st</sup> Wednesday of the month and in person on the 3<sup>rd</sup> Wednesday), and the book group is meeting in hybrid format. Other opportunities for virtual meetings (for example, Sunday Social) will also continue. Outdoor Gathering (OG): is scheduled for May 20-22, 2022 (next weekend), at Versailles State Park. The American Mensa National Covid policy will be observed. Prospective participants will be reminded that parking is limited and admission fees are per car, so carpooling is encouraged; children under age 18 must be accompanied by a responsible adult; and no pets are permitted at the venue.

Registration is open for the 2022 Annual Gathering July 6-10 in Sparks, NV. Registration prices increased on January 3, 2022 (from \$219 to \$244) and on February 28 (to \$269); they will increase once more on May 31 (to \$299, the onsite registration rate.)

CultureQuest XXXIII took place Sunday, April 24; two teams from CIM participated. The Top 20 and Next Generation winners will be announced in the July 19 edition of *Mensa Wired*.

CIM ExCom elections are due to be held this September. Karen Guse (chair), Karen Steilberger, and John Blankenship have agreed to serve on the Nominating Committee. Larry Marcus has agreed to chair the Election Committee.

## New Business

A billing error was noticed for our MIND printing; a discussion with the printer revealed an inadvertent overcharge over the past several months. This will be reflected as a credit in our printing bill for the next several months.

Teresa Gregory is looking into possible venues for a picnic in August or September.

There being no other business, Ann Hake moved that the meeting be adjourned. Matt Zwick seconded the motion. The motion was carried, and the meeting was adjourned at 8:02 pm.

## Treasurer's Report
